EDUCATION AND EXPERIENCE:

- High School diploma or equivalent.
- Vocational and/or college courses in sewerage treatment, equivalent to six (6) months post graduate.

- Must obtain within one (1) year from initial employment, any required certifications or licenses applicable to the utility; i.e., First Aid Training, Certified Flagging Safety, etc.
- Two (2) years operational experience in a rated Class II or higher secondary treatment facility minimum.
- Must possess a valid Washington State Competency Certificate “Group II” or higher, or have established reciprocity.

KNOWLEDGE SKILLS AND ABILITIES:

- Working knowledge of the types and uses of processes and standard equipment used in the operation of a wastewater treatment plant.
- Ability to read and understand as-built drawings.
- Requires working knowledge of electricity.
- Knowledge of the types and uses of common hand tools, electrical and/or mechanical and standard equipment used in operation and maintenance work.
- Ability to run plant equipment and pumps.
- Understand and follow job procedures, rules and safety.
- General mechanical aptitude and ability to perform semi-skilled tasks without close supervision.
- Requires intermediate knowledge and understanding of wastewater related mathematics.

GENERAL REQUIREMENTS:

- Ability to communicate courteously, effectively, tactfully, and maintain confidentiality.
- Demonstrate good written and oral communications skills.
- Ability to carry out oral and written instructions.
- Ability to organize and prioritize workload.
- May perform task/job duties of other work unit positions in order to balance workload and/or cross train personnel.
- Proficiency with common office practices, equipment and software.
- Follow all safety requirements set forth by District policy, State and Federal codes.
- Follow all District Policies and Procedures.
- Other duties as assigned.

SPECIAL REQUIREMENTS:

- Must have valid WA State Driver's license.
- Requires a Class A Commercial Drivers License (CDL) and additional endorsements (tanker and air brake) within eighteen (18) months of training start date.

WORK ENVIRONMENT:

- Work is generally performed in a plant environment.
- May require shift, weekend and holiday work as required by emergency or work assignment.
- Anticipated to respond in emergency situations.
- Work is generally performed in an environment consisting of loud noises, biological agents, chemical hazards, and odors associated with wastewater treatment plants.
- Ability to work in or around confined space areas.
- Ability to perform manual tasks involving physical strength and endurance.
- Requires visual and hearing acuity and substantial manual dexterity.
- Ability to withstand exposure to variable weather conditions.

MACHINERY, TOOLS, EQUIPMENT, PERSONAL PROTECTIVE EQUIPMENT:

- Equipment utilized includes laboratory equipment; miscellaneous hand and power operated

tools and equipment associated with treatment plant maintenance and repair; vehicles including small and full size pick-up trucks, forklift, and standard office equipment including a computer.

- Personal Protective equipment (PPE's) shall be comprised of all PPE's associated with chemical, confined spaces, and atmospheric conditions common in the work place. Level of PPE protection will be determined by District and safety guidelines.
- Able to wear and use a respirator (tight fitting negative and positive pressure type).
