NOTICE OF EMPLOYMENT

POSITION TITLE: Maintenance Electrician Lead and Maintenance Electrician I, II, III, or IV
REPRESENTED BY: International Union of Operating Engineers
RESPONSIBLE TO: Electrical and Control Systems Manager or designee
POSTING DATES: Open until filled

Accepting applications for Maintenance Electrician Lead and one (1) Maintenance Electrician from within the other levels..

Lakehaven Water and Sewer District has an immediate opening for a **Maintenance Electrician Lead** position and one (1) **Maintenance Electrician** from ranges I, II, III or IV.

Position Range	Pay Level	Pay Range
Maintenance Electrician I	11	\$33.70 - \$50.06
Maintenance Electrician II	12	\$35.37 - \$52.56
Maintenance Electrician III	13	\$37.18 - \$55.16
Maintenance Electrician IV	14	\$38.98 - \$57.91
Maintenance Electrician – Lead	15	\$40.98 - \$60.81

As a Lakehaven Maintenance Electrician, you will be part of a team that has been recognized by the National Association of Clean Water Agencies for its environmental stewardship and has been a long-standing member of the American Water Works Association. Lakehaven has a service area population of over 135,000 people living across a 35 square mile area in south King County, making us the second largest special-purpose water and sewer district in the state. Our water system includes 450 miles of water mains, 25 active wells and 12 storage tanks, which allows us to meet a current annual average water demand of 10 million gallons per day (MGD) from the community. Lakehaven also has two wastewater treatment plants, 27 sewer lift stations, and 350 miles of sewer mains capable of collecting and treating up to 15.6 MGD. Our employees work hard to produce and treat high quality drinking water and to ensure treated wastewater adheres to EPA standards, which safeguards the local ecological system of Puget Sound. If you want to work for an award-winning, innovative utility with competitive pay rates, career advancement and training opportunities, this is the right opportunity for you.

The Maintenance Electrician Lead - Operates in a lead capacity to Maintenance Electrician I, II, III and IV personnel. Performs a variety of tasks at a high skill level to maintain and install electrical equipment, MCC's, VFD's, Control Panels, and performs various electrical tasks at all District facilities. Also participates in the design/design review of electrical controls and installations for Water and Wastewater facilities. Responsible for coordinating all electrical work with the Electrical and Control Systems Manager and other District sections to prioritize daily and long-term work schedules for efficient use of personnel and equipment. Reviews and oversees contractors performing electrical work for the District to ensure that the work performed adheres to the District's contract specifications.

Maintenance Electrician I, II, III and IV perform a variety of tasks at an intermediate to high skill level to maintain and install electrical equipment, MCC's, VFD's, Control Panels and controls, and performs various electrical tasks at all District facilities. Maintenance Electricians must demonstrate the ability to operate basic VOM digital meters, amp meters, megger meters, power monitoring equipment, and electrical diagnostic equipment; have a high level of competence in electrical theory and understanding of the NEC and applicable electrical codes; and, be proficient at troubleshooting a variety of electrical, instrumentation, and PLC related problems. Higher level Maintenance Electricians may participate in the design/design review of electrical controls and installations for Water and Wastewater facilities.

Position placement and pay is dependent upon experience and qualifications.
